Morrison Center

Building a Brighter Future for People with Disabilities

November 2020

Dear Friends,

Greetings and Happy Holidays from Morrison Center!

With the support of generous donors like you, Morrison Center has provided world-class education, programming, residential and therapy services to children and adults with intellectual and developmental disabilities for almost 65 years. Despite this year's challenges, 2020 has been no different. Morrison Center's residential programs, case management and shared living option teams continued to provide support to our clients. Our schools and community support programs adapted quickly to remote attendance and reopened for in-person services as soon as possible.

We are committed to shortening the waitlists for the essential services we provide. This year, Morrison Center expanded our Case Management and Community Support services to the Bangor/Brewer area and opened a brand-new Adult Residential home in Wells. We will continue to grow to meet the needs of individuals across the state of Maine. **Your contribution directly funds our mission to empower adults and children with intellectual and developmental disabilities to maximize their personal growth and independence.**

Additionally, Morrison Center continues to work to bring Maine children placed in out-of-state programs closer to home on our Opportunity Farm Campus. Recently, an 8-year-old girl, placed in a residential program in another state, relocated to our Children's Residential Program and is now closer to her family in Maine. **Your donation will help us bring more children back to Maine where they belong.**

We are so proud of the work we do and couldn't do it without your kind and generous financial support. **Your gift will make a difference - thank you for your consideration this year!**

With warm wishes for a happy and healthy holiday season and new year,

Your friends at Morrison Center

P.S. You can set up your tax-deductible donation online as a one-time payment or recurring monthly gift!
